First observation : quality skill experience

Second observation : Motivation students how to improve his preparation and how to rank improve his preparation

Third : give time for daily tasks Moderate level

1. Time table adjustment(There is a gap from 10.40 am to 1.10 am because of practical period. So, instead of this timing the timing of practicals would be before 10.00 am or after 1 pm, so that the students who dont have their turn to perform practicals on that particular day can return to their homes).

2. Comfortable environment (The learning experience and teachers are very good but what about sitting arrangements .The desks are not comfortable and we not even able to sit comfortably)

3.The internal tests should be conducted atleast 25 days before final exams.

The behavior of teachers should be good for the students, and there should be more class tests. Students ko career ka liye aware krna chahiye. Aaj ke time mein students mein skill study ki bhut jarorat hai kyuki students ko career related koi knowledge nhi hota hai career option k subject hona chahiye

2

1).Provide right guidance to the students at right time.

2).Promote extra curricular activities

3). Teacher should prepare to the students for the challenges that have to face in their life..... with their experience

No suggestions

The quality of teacher is very strong,

1 Our collage have very well discipline.

1 All facilities are available here like gym hostel for poor and needy students , and other sports facilities

In our collage

Student should attend classes regularly without bunking

Jammu university is responsible for max problems

Overall teachers is good but many are contractual

Teachers are giving their level best but they should try to be more open about placements and career opportunities towards students.

Kitna questions thik huya

More Interact with students
Take class tests
Give attention to week students

Good excellent star

All is well

Use of ICT tools and projector should be maximized

use of ICT tools and projector should be maximized

Learning experience in your institution

Plz take regular classes, keep classroom clean, ask teachers to see our problems. And help us

Teaching is excellent in this institute.

The only thing which need to be improve is regular deficiency of fresh drinking water and other regularly used instruments.

Improvement

Teacher's should fully prepared for the class.

Laboratory interaction will be good so students understand the practical concepts

Encourage students

Not anyone

Improve teaching process

They should take more classes .

Teachers should explain basic points of the topics so that everyone understands.

Come and check the response of students atleast once a month or week without informing the teachers

And not all teachers are irresponsible some are best

First is to give some graphic examples about that topic if possible . second is include important material And sufficient also . third is improve teaching skill .

Efficient preparing for class and need a creative style of teaching for better understanding

Gathering students feedback

Connect to students individually

Consider new learning methods

Projector

Connect to students individual

Teaching knowledge , Teaching experience and Skill Method

Use better graphics and visual media to enage student well . Try to reach every student and ask for your doubts

Reach at time

Attend daily

Strict action on students who break rules in class room

Teaching with diagram in lcd

i'm suggested with the persent condition not require any other things▼

Listen the opinion of the students

Less free period for students
