Following are questions for online student satisfaction survey regarding teaching learning process in the academic year 2022-23

 Copy

1. How much of the syllabus was covered in the class?

308 responses

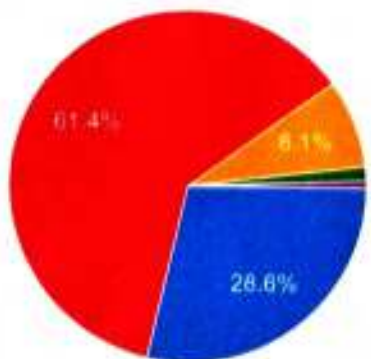

- 4 - 85 to 100%
- 3 - 70 to 84%
- 2 - 55 to 69%
- 1 - 30 to 54%
- 0 - Below 30%

2. How well did the teachers prepare for the classes?

 Copy

308 responses

- 4 - Thoroughly
- 3 - Satisfactorily
- 2 - Poorly
- 1 - Indifferently
- 0 - Won't teach at all

*R/C*

- Participate in culture activities
- Teaching concepts through example

Good

Use better graphics and visual media to engage students well.

Nothing

*RG*

*CS*  
*Principa*  
Govt. Degree College  
Ramnagar

Nothing

Some. Of the. Teachers(contractual )in our college is unable to flip even 50% of syllabus.....  
And this becomes a routine for them..... And results are known to students

1. Students should have interaction with principal sir to give feedback of those teachers,once  
in a week

2.proper. Review of class handed by contractual from AP

3.Set up a conducive schedule for weekly test , once in a week ..... Not all the days of week

4. Student have the right to submit feedback of what they do in two weeks in between class...

What the problem faced by them..... How much work is done in that class ..... How much  
leaves are given by teacher..... What's the improvement they want..... What is the probability  
of syllabus completing according to students as perspective to teacher.....

Etiquette opinions (mine) based on real observation in classroom

It's good to be a part of this college.

V good 🍌

1.Well trained staff. 2. All educational facilities should provide to students.

Govt degree college ramnagar

Good all

Kindly give more project and real time problems to solve...

Course can be more research oriented .....

New technology monthly updates can be given ...

Use better graphics and visual media to engage students well. ... 2) Try to reach every student  
and ask for their doubts. ... 3) Make teaching a two way interaction.

Cover 50-70 % syllabus,

Use better graphic and visual media to engage students well  
Try to reach every students and ask for their doubts

Make teaching a two way interaction

Use better graphics and visual media to engage student well.  
try to reach every student and ask for their doubt.  
May teaching a two way interaction

Our college provides us to all facilities to all students and they were always teaching the good  
things

RG

CIS  
Principal  
Govt. Degree College  
Ramnagar

The Facilities of Games and Equipments should be upgraded and the timetable should be more accurate and time productive. Nothing can say about teaching like literally there are contractual professors who are literally changed right after a month after getting familiar with the class and the new one just take as much time as he does to settle down the class and to make student attentive (About 2 weeks). And the duration of semester should be 6 months which is concluded under 3 or 4 months. Then how are we supposed to cover lengthy syllabus in a short period of time with a unstable staff

- (1) implement active learning strategies
- (2) Utilities technology effectively
- (3) Foster a positive learning environment

Bus problem

Every thing is good

Use better graphics and visual media to engage students well.

Advance level project, Lab Material, Good environment

Improve our ground

Provide regular practice

Provide professional coach for vollyeball

The teachers should be able to inculcate a feeling of positive environment esp. in this field . They always try to engage us in useless things without any practical knowledge . The parity between the teachers and students is very wide.. We cant say or raise our voice.. Our respected Principal sir is nothing but a clown who does nothing . We try to organize a farewell but he clearly denied this . Our college bus was down for around nearly a half year. But he does not ask us about it. He does not know how to talk with students . That's why this college is one of the worst colleges I have ever seen

Ver well teacher

Very good

Yea

Are already very good

Very nice

Good job nice emotional

Overall experience is good

1 very good

*RL*

AS  
*Principals*  
Gems Degree College  
Rannagar

Explain with examples

In every institute principal can also check the classroom and abilities of teachers and see how they study the children

First- Our principal sir has zero interaction with students. They should approach Students.

Second- No sports activities are there. NO Competitions, No tournaments whatsoever.

Third - Some Teachers are excellent but some teacher don't even know how to teach and how to interact. In some departments there are no HODs. Even in our last semester Contractual teachers joined the college after more than 1 month of our session and upto then all the students were in panic about the syllabus. Also there was no positive response from our principal. The consequences of which was that less than 50% of our history syllabus was uncompleted.

I know this survey will not have any effect but still I am giving my honest review. Thank you 😊

1. Incorporate technology: Technology can enhance the learning experience by providing interactive and engaging resources. Teachers can use multimedia presentations, educational apps, and online platforms to make lessons more interesting and accessible. Students can also use technology for research, collaboration, and self-paced learning.

2. Differentiate instruction: Every student has different learning needs and styles. Teachers should strive to differentiate instruction by adapting their teaching methods, materials, and assessments to meet the individual needs of each student. This can involve using various instructional strategies, providing extra support or challenges, and offering different modes of assessment.

3. Encourage active learning: Active learning involves students actively participating in the learning process rather than passively receiving information. Teachers can incorporate activities such as group discussions, hands-on experiments, project-based learning, and problem-solving tasks. This approach promotes critical thinking, collaboration, and deeper understanding of the subject matter.

By incorporating technology, differentiating instruction, and encouraging active learning, the teaching-learning process can become more engaging, personalized, and effective for all students.

It's nice to be a part of this college

All of thing

No comments

It can be improved by teaching for less hours .

It can be improved by giving students a break

It can be improved by proper guidance.

1. To hire permanent professors
2. Regular classes
3. Education trips

*RR*

*Principal*  
Principal  
Govt. Degree College  
Rannagar

i think its very good confidence to all staff members and well plate performance

- 1) Good
- 2) v. Good
- 3) excellent

Incorporate active learning strategies.

Integrate technology into the teaching learning process the enhance engagement and facilitate interactive learning.

Environment create a positive and inclusive learning environment where students feel comfortable to express their thought and ideas.

Good experience.

Shaping modeling reinforcement

Every time discuss the problems

Poor

Excellent

Well

Not a good

1. Encourage teamwork and group activities
2. Reflective practice
3. Skills in communication

Overall good

Improve our ground

Provide regular practice

Provide professional coach for volleyball

Very bad

i want to provide some suggestions

Focus on students skill

provide variety of streams , which helps the students to get their favourite stream course in their area

tell the students about the future of their stream

*RG*

*AS*  
*Principals*  
Govt. Degree College  
Ramnagar

Better encourage student

Use the CBT

And use the example for understand the concept

Implement active learning strategies utilize technology effectively foster a positive learning environment

Teachers should take students for internship and also encourage students to do other activities as well.

Contractual teaching staff should be recruited for minimum for 11 months

1. Interaction with students
2. Encourage students don't fill negative in students mind

No..

Used LCD projector

Teacher should have to take test every week

Good institution

Very good experience

- to improve ai skills
- more focus on personality development and spiritual things

- 1) The learning experience was incredible.
- 2) the quality of teacher was a good
- 3) the teachers has discussed assignment with us.

Cleanness

Well maintained classroom  
Practical rooms should be well maintained  
Adoption of new technologies

CS  
Rohit Kumar  
Principal  
Govt. Degree College  
Ramanagar

1. Incorporate interactive and engaging activities: One way to enhance the learning experience

RKumar-

is by incorporating interactive and engaging activities into the teaching process. This can include group discussions, hands-on experiments, role-playing exercises, or multimedia presentations. By making the learning process more interactive, students are more likely to be actively engaged and retain the information better.

2. Provide personalized feedback and support: Every student is unique and has different learning needs. To cater to these individual needs, it is important for teachers to provide personalized feedback and support. This can be done through one-on-one discussions, constructive feedback on assignments, or offering additional resources for further learning. By addressing each student's strengths and weaknesses, teachers can help them reach their full potential.

3. Emphasize real-world application: Connecting classroom learning to real-world applications can greatly enhance the learning experience. By showing students how the concepts they are learning are relevant and applicable in their everyday lives, they are more likely to be motivated and engaged. This can be done through practical examples, case studies, or field trips. When students can see the practical value of what they are learning, it becomes more meaningful and memorable.

Good study in college GDC Ramnagar

Absence of lab instruments

Quality education

Promoting confidence in students

1 Use better graphics and visual media to engage students well 2 Try to reach every student and ask for their doubt 3 Make teaching a two way interaction.

1. Use better graphics and visual media to engage student well..

2. Try to reach every student and ask for your doubts...

3. Make teaching a two way interaction.

Presentation , please change the principal and please apni mrzi sa subjects milna chahiye college Mai hmme subject diya gy h hm change krwa sake subject aasi opportunity mila Thank

u

Abc

3

Not discriminate students about their Mark's. Improved quality of communication with students. Created new employment opportunities speeches for students development.

They never explain and never gave examples

No any suggestions

Fixed time table of classes

Use LCD projector

Regularity of teacher

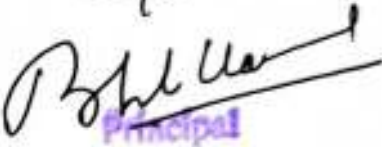

To cover all syllabus before examination
